YOUNIS ALAGHA

Data Analyst | Business Intelligence | Retail Operations

+1 (905) 324-7144 | yalagha@outlook.com | Ontario, Canada | younisalagha.com

PROFESSIONAL SUMMARY

After more than four years as a retail operations leader at Best Buy Canada, I'm moving into analytics and business intelligence. Created Excel KPI trackers, Power BI dashboards, and production-grade SQL data warehouses for use in performance management. Provides analysis that influences actual decisions by fusing practical data engineering knowledge with a thorough understanding of retail KPIs, such as attach rate, NPS, margin, and customer value.

TECHNICAL SKILLS

Analytics & BI: Power BI, Excel (Advanced), KPI Dashboards, Trend Analysis, Forecasting

Data Engineering: SQL Server, Medallion Architecture (Bronze/Silver/Gold), ETL Pipelines, Star Schema, Window Functions

Excel: XLOOKUP, INDEX/MATCH, RANK, Pivot Tables, Sparklines, Data Bars, Conditional Formatting

Business: Sales Performance, Operations Analytics, Coaching Metrics, CRM Systems, Salesforce

Certifications: SQL for Data Science (UC Davis/Coursera), Google Data Foundations, Excel Fundamentals (IBM), Accounting Fundamentals (CFI)

PROFESSIONAL EXPERIENCE

Team Lead — Sales | *Best Buy Canada* Jul 2025 – Present

- Increased team NPS from 60% to 87% by reorganizing daily service priority alignment and coaching frequency.
- Maintained an average of 33%+ attach rate on a busy retail floor by coaching and monitoring individual performance.
- Developed an Excel KPI tracker utilized in monthly 1:1 meeting to identify performance and establish improvement goals for each associate.
- Provided weekly performance reports to store management, converting metrics into implementable priorities.

Senior Administrative Specialist — Operations | *Best Buy Canada* Jun 2024 – Jul 2025

- Managed hiring workflows, onboarding, and operational follow-ups across departments using CRM tools and Excel trackers
- Coordinated cross-functional execution to ensure store met operational SLAs and service commitments
- Maintained CRM data integrity for customer cases and service escalations

Senior Sales Advisor — Sales | *Best Buy Canada* Jan 2024 – Jun 2024

- Lifted team services attach rate from 28% to 35% within 6 months through targeted 1:1 coaching on conversion habits
- Managed $50K+ daily sales budget with consistent attainment of attach KPIs

Customer Service Specialist — Operations | *Best Buy Canada* Sep 2022 – Jan 2024

- Resolved complex customer escalations at checkout and service desk, maintaining strong satisfaction and retention scores
- Ensured inventory accuracy and cross-department coordination to support smooth daily operations

E-Commerce Associate | *Walmart Canada* May 2021 – Sep 2022

- Managed end-to-end e-commerce operations including order fulfillment, inventory tracking, and customer service via Walmart's online platform

PROJECTS

Retail Sales Intelligence — TrailForge Outfitters — *SQL Server · Power BI · Data Modeling*

- Built end-to-end retail analytics solution integrating 6 datasets (3 CRM, 3 ERP) using SQL medallion architecture (Bronze, Silver, Gold)
- Designed star schema (fact_sales, dim_products, dim_customers) enabling sales performance and customer analytics reporting
- Developed Power BI dashboard covering sales trends, category performance, product profitability, and customer lifetime value
- Identified revenue drivers, margin gaps, and high-value customer segments to support strategic business decisions

Retail Data Warehouse (Medallion Architecture) — *SQL Server · ETL · Data Modeling*

- Designed and built full SQL data warehouse using Bronze/Silver/Gold layer architecture
- Created ETL pipelines to clean, transform, and load retail sales data across dimension and fact views
- Implemented window functions for trend analysis and a KPI analytics layer for performance tracking

Personal Finance Decision Dashboard — *SQL · Excel · Power BI*

- Built transaction-level personal finance dataset with categorized spending and structured data model
- Designed KPI metrics for burn rate, monthly savings trends, and spending pattern analysis

EDUCATION

Bachelor of Economics | *Brock University* Sep 2018 – Jan 2023

St. Catharines, Ontario, Canada
